DEAR PARENTS,

Thank you for applying or re-enrolling in Pioneer Family Home School Private School Satellite Program (PSP). We have worked hard to provide you with the best support at the least cost and interference. Our ministry focuses on providing the basics of accountability and legal covering rather than required meetings, organized field trips, newsletters, etc. We will handle the State and County educational offices correspondence and make sure your student's files are satisfactory. A designated faculty will be reviewing the progress reports and will also be available for phone consultations.

If you are re-enrolling, and submit your paperwork and payment by the JUNE 15, the per family fee will only be \$135.

From July 1 through August 31, the fee is \$150.00 per family.

The enrollment fee goes up by \$20 each month after August; \$170 for September, \$190 for October, and \$210 for November.

IMPORTANT! You will not be accepted for re-enrollment if there is any incomplete quarterly paperwork from the previous year.

The PSAT/NMSQT will be offered on the third Saturday in October for high school students. The Iowa test of academic achievement is now being offered on line by BJU Press, so we will not be offering on site. For further information about the Iowa testing go to:
<https://www.bjupresshomeschool.com/content/online-testing>

If you are interested in pursuing membership with us, you will need to complete and sign the various forms included in this packet. **THE FORMS AND FEES MUST BE RETURNED TO US BY August 31.** If you submit the registration forms after this deadline, the fee will increase by \$20 per month.
